SPECIAL TO THE DAILY DISPATCH:

Duluth June 13, 1906, 1:55 P. M.—Cole nominated on third ballot. Jacobson 408 Cole 550.

N. H. INGERSOLL

SPECIAL TO THE DAILY DISPATCH:

Duluth, June 13, 1906, 1:30 P. M.—The Republican State Convention was called to order at ten forty five with practical certainty of at least two days duration. Conde Hamlin, of St. Paul called the convention to order and W. W. Sivright of Hutchinson was chosen temporary chairman unanimously, and George Simpson, of Winona, temporary secretary. Rumors of deals are rife, but to all appearances the outcome still doubtful as ever. Nominations not likely to be reached before late hour this afternoon.

SPECIAL TO THE DAILY DISPATCH:

Duluth, June 13, 1906, 2:07 P. M.—Balloting for Governor began shortly after noon. First ballot resulted Jacobson 369, Cole 232, Block 196, Lord 124, Stephens 76, Somerville 68, Diment 26. Second ballot showed gains for Jacobson and Lord; A. L. Cole of Walker nominated on 3rd ballot.

SPECIAL TO THE DAILY DISPATCH:

Duluth, June 13, 1906, 2:55 P. M.—The deciding ballot, the third formal one taken for Governor resulted as follows: Cole 550, Jacobson 408, Block 19, Lord 75, Stephens 16, Diment 13, Somerville 8. Convention then adjourned to three this afternoon.

ANOTHER STAY FOR PATRICK.

Writ of Appeal Granted by Justice Day at Canton, O.

Canton, O., June 13.—Application has been made to Justice Day of the United States supreme court by Attorney Lindsay for a stay writ of appeal and consequently a stay of execution in behalf of Lawyer Albert T. Patrick of New York. Justice Day, after hearing the reasons of Patrick's counsel, decided the case appealable and granted a writ to that effect. It will be heard by the supreme court in

October. The action was brought before Justice Day because Chief Justice Fuller and other members of the supreme court are widely scattered on their vacation trips and it was most convenient to reach him.

Workmen Meet in Montreal.

Montreal, June 13.—The thirty-third meeting of the supreme lodge of the Ancient Order of United Workmen opened here with about 150 delegates from different lodges in the United States and Canada present. Supreme Master Workman Narvis of Muscatine, Ia., was in the chair.

HIT BY A HURRICANE

HAVRE, MONT., AND FORT ASSINOI. BOINE DAMAGED BY SEVERE WIND STORM.

NO FATALITIES REPORTED

BUT SEVERAL PERSONS ARE INJURED AND MUCH PROPERTY IS DESTROYED.

Havre, Mont., June 13.—Havre and Fort Assiniboine were struck by a hurricane Tuesday afternoon that did damage estimated at \$200,000. Buildings were toppled over without warning and not a structure in the path of the terrific wind escaped damage. Several persons were injured, but so far no fatalities have been reported.

The fierce wind carried rain with it, which fact precluded the possibility of damage by fire.

Meager news accounts from Fort Assiniboine tell of the great destruction wrought there by the tornado. The large commissary building, together with the adjutant's office, stables of the troopers and several barracks went down. Captain Bonaface and seven troopers had a narrow escape from drowning in going to the rescue of a family which had been cut off by the flood. Several thousand feet of track of the Great Northern railway west of Assiniboine have been washed out. It is impossible to establish communication with Harlem and Chinook, and it is thought likely that perhaps the track between these points has been washed out. Engineers report that the territory between Havre and Glasgow resembles a sea. Fears are expressed for the safety of residents in the vicinity of Harlem and Chinook, in view of the breaks in the irrigation reservoirs.

A report states that both reservoirs at Fort Assiniboine have bursted and that the quarters of the soldiers are flooded. Four troops of the Second cavalry and four companies of the Second Infantry are stationed there.

MURDER AND SUICIDE.

New York Man Kills a Young Woman and Himself.

Troy, N. Y., June 13.—Because she refused to receive his attentions, John Carter shot and killed Mamie Stanton, twenty-six years old, firing three shots into her head. The murderer ran a short distance and turned the weapon upon himself, dying instantly.

TEMPEST IS BREWING.

Expected to Break in Lower House of Russian Parliament.

St. Petersburg, June 13.—A tempest is brewing in the lower house of parliament and it will break when Military Procurator Pavloff takes the rostrum, as he is expected to do upon the reassembling of the house, to give War Minister Rudiger's explanation of the executions in the Baltic provinces. It is claimed that evidence has been secured that orders were issued to stop the execution of the eight men who were put to death May 29 for the killing of a police lieutenant, but that the order was deliberately delayed by Pavloff and the telegram arrived too late, though the commander at Riga delayed the execution to the latest possible moment. The Socialist group intends to make a stormy demonstration, and even Conservative members of the Constitutional Democratic party are enraged at what they regard as new proof of governmental duplicity in another death sentence for an attempt to murder a Cossack, which is reported from Revel. The Constitutional Democrats also are irritated by the discovery of a secret circular to governors ordering the closest watch kept over prominent members of the party, and that their every movement be reported to St. Petersburg.

NEGRO SHOT AND BEATEN.

Mob Tries to Kill Man Who Assaulted His Employer.

Pocomoke City, Md., June 13.—Ned Watson, colored, was taken from the authorities at night by a mob and shot and beaten. Tuesday afternoon he had murderously assaulted his employer, Samuel S. Barnes, near Kings Creek, Somerset county, fracturing his skull and leaving him for dead. Watson had been in the employ of Mr. Barnes for the past few months. Watson was caught near the railway station here about 8 p. m., and though a mob bent on lynching him gathered very quickly he was hustled to jail by officers. About 10:30 p. m. the officers tried to smuggle Watson to a train, intending to take him to Princess Anne for safety. They were detected in the attempt by the mob, however, and their prisoner was shot and badly beaten before the officers could get him back to jail, where he is now safe, but badly injured.

BACK TO BLUE GRASS STATE.

Wandering Kentuckians Return for the "Homecoming Week."

Louisville, Ky., June 13.—All throughout the day and so late into the night that another day had come, Louisville received the children of Kentucky, who are coming back for the great "homecoming week." Wednesday they were formally welcomed to the state of their birth and the remainder of the week will be devoted to rejoicings because of their return, and given over to entertainments in their honor.

FIRE AT BALTIMORE

DESTROYS DOCKS, THE STEAMER ESSEX AND SIX OR EIGHT LOADED BARGES.

PROPERTY LOSS VERY HEAVY

ESTIMATED AT FROM FIVE HUNDRED THOUSAND TO TWO MILLION DOLLARS.

Baltimore, June 13.—Fire at an early hour in the morning destroyed the Savannah docks of the Merchants & Miners' Transportation company, the steamer Essex of that line, and six or eight barges loaded with cotton, rosin, etc. The damage is estimated at from \$500,000 to \$2,000,000.

The flames originated from some unknown cause aboard a mud scow moored against the steamship dock and the latter was very soon a mass of flames, fed by the inflammable freight which the building, over 600 feet long, was stored. The fire leaped to barges, freighted with cotton and rosin, that were moored nearby, and these were set adrift as quickly as possible. Some of them floated across the harbor to the South Side and greatly endangered lumber yards there. The steamer Essex of the Merchants & Miners' line caught and was soon a mass of flames from end to end, and though she, too, was set adrift, a rosin-laden barge alongside her made it impossible to save her. The scene of the fire, at West Falls avenue and Block street, is in a part of the harbor backed by very extensive lumberyards, but the direction of the wind indicates that these will not be destroyed.

At 3:10 a. m. the fire at the docks was apparently under control, but the blazing barges that floated across the harbor are burning fiercely and the firemen are making heroic efforts to prevent the flames spreading to property on that side of the harbor.

Estimates of the damage run as high as \$2,000,000. The Savannah docks are said by the employees of the steamship company to have been crowded to the roof with valuable merchandise, all of this, the steamer Essex, her cargo and the barges before referred to, with their cargoes, are totally destroyed.

The burning hulk of the Essex floated across to the southern side of the harbor, endangering vessels in Meacham's shipyard, especially the new four-masted schooner Salisbury.

At 3:45 a. m. the flames on both sides of the harbor appeared to be under control.

The crew of the Essex, numbering about forty men, are said to have been on board when the fire broke out, but it is impossible to ascertain whether there were any fatalities.

ON CHARGE OF MANSLAUGHTER.

Prominent South Dakota Woman Arrested.

Sioux Falls, S. D., June 13.—Mrs. Emma Kaufmann, wife of Moses Kaufmann, millionaire brewer, has been arrested on the serious charge of manslaughter, growing out of the death a few weeks ago of Miss Agnes Polreis, a sixteen-year-old girl who was employed in the Kaufmann household as a domestic.

The girl had arrived in the United States from Austria only a short time before entering the employ of the Kaufmanns, about four months ago. The arrest of Mrs. Kaufmann caused a great sensation.

The Kaufmanns are very prominent and have been residents of the city for a quarter of a century.

It is alleged that the girl died as the result of beatings administered by Mrs. Kaufmann, and that these beatings were due to Mrs. Kaufmann's inability to control a violent temper.

PACKERS FOUND GUILTY.

Convicted at Kansas City of Accepting Rebates From a Railroad.

Kansas City, June 13.—Armour & Co., Swift & Co., Cudahy & Co. and the Nelson Morris Packing company have been found guilty in the United States district court here of accepting concessions from the Chicago, Burlington and Quincy railway on export shipments of packinghouse products. The case was given to the jury at 10:40. The verdict was returned at 11:40.

Judge Smith McPherson of Red Oak, Ia., the presiding judge, stated that the sentence would not be assessed until the case against the Burlington road, which is charged with granting the concessions to the packers, is concluded. The Burlington's trial began at once. The law in the present case provides for a fine only and not a jail sentence.

Minnesota Odd Fellows.

Minneapolis, June 13.—R. A. Dorns of Minneapolis was elected grand patriarch by the grand encampment of the Odd Fellows here. Other officers elected are: D. S. Whittemore, Detroit, grand senior; C. A. Lammers, Stillwater, grand high priest; G. S. McCulloch, Brainerd, grand junior warden; C. R. Wilkinson, St. Paul, grand scribe; W. W. Churchill, Rochester, grand treasurer; R. E. McFarlane, Duluth, grand representative.

FOUR CHILDREN CREMATED.

Perish in Fire That Destroyed Their Home.

Ottawa, Ont., June 13.—An awful tragedy has just occurred at Killaloe, a town ninety-four miles from Ottawa. Four sons of Daniel Dickson were burned to death by a fire, which at midnight destroyed their home. The dead are:

Daniel Dickson, aged twelve; Carroll Dickson, aged eight; William Dickson, aged five; James Dickson, aged two.

Mrs. Dickson, mother of the victims, and Irene, her only daughter, aged four, had narrow escapes.

FOUR BOYS DROWNED.

Sailboat Capsizes and All the Occupants Perish.

Bangor, Me., June 13.—Four boys, members of the graduating class of Brewer high school, were drowned by the upsetting of a sailboat on Hynes pond, ten miles from this city. The boys, who with a dozen others were spending the day at the pond, were unable to swim.

Aeronaut Instantly Killed.

Parker, S. D., June 13.—During a balloon ascension at Monroe, Bert Ward, the aeronaut, fell from the parachute and was instantly killed. The occasion was an old settlers' picnic. Ward was forty-five years old and had been an aeronaut for twenty years.

Business Section Burned.

Davenport, Ia., June 13.—The business section of Le Claire, Ia., has been burned. Buildings destroyed include the largest hotel, the Knights of Pythias hall and several stores. Loss, \$75,000 on buildings; \$40,000 on stocks; partly covered by insurance.

Iowa Editor Kills Himself.

Iowa City, Ia., June 13.—E. R. Townsend, former city editor of the Iowa City Republican, shot and killed himself here. He was a prominent graduate of Iowa university. Illness is given as the cause.

FATAL STABBING AFFRAY.

Italians Quarrel and One Uses a Knife With Deadly Effect.

Duluth, June 13.—Excitement runs high at Chisholm, for while a goodly portion of the population was searching for John Nuhlovsky, a lost boy, a stabbing affray which resulted fatally took place on the high road near the Monroe location. The principals were both Italians, the aggressor being Pietro Canalli while Abel Sorpori is the victim. The scene of the tragedy was just outside a "blind pig," or roadhouse.

The men quarrelled and Canalli suddenly drew a knife and stabbed Sorpori twice. The latter died of his wounds. Canalli escaped and is still at large, armed with a shotgun and stiletto.

WILL GO TO SUPREME COURT.

Question of Consolidating Allegheny and Pittsburgh.

Pittsburg, June 13.—While the city of Pittsburg returned a majority of over 25,000 in favor of consolidation with Allegheny into a Greater Pittsburg, Allegheny opposed the movement and rejected the proposition with a majority of about 5,600. Not one of the wards in the city of Allegheny returned a majority in favor of the movement, while almost every ward in Pittsburg favored it. This was a special election on the consolidation act authorized by the legislature and it was hoped would settle for all time the question that had been agitated in both cities. While a majority is returned in favor of consolidation, however, the election is not the end. Allegheny having expressed its objection to consolidation the matter will now be taken up to the supreme court to test the constitutionality of the law.

WISCONSIN VETERANS.

Holding Their State Convention at Marinette.

Marinette, Wis., June 13.—The state Grand Army convention opened here with about 300 delegates present. Reports of the various officers show that the membership of the Wisconsin department is about 8,000, a slight decrease.

The feature of the morning session was the address of Commander-in-Chief Tanner. He denounced the bill now before congress to reduce the pay of the old soldier employees of the government after they reach sixty-five years or retire them after seventy. He maintained that they should be left alone if mentally and physically competent.

The veterans paraded in the afternoon.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." H. P. Dunn & Co. eoddw

Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will equal them. They will cure the severest spell of nervous or sick headache in a very few minutes. I am of a nervous temperament, and occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely contain myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."

MRS. F. E. KARR, Detroit, Mich.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

TRIBUTE TO ELLEN TERRY.

Remarkable Manifestation of Affection by British Playgoers.

London, June 13.—The using and loving affection in which English playgoers hold their favorites found splendid exemplification in the matinee at the Drury Lane theater in commemoration of the theatrical jubilee of Ellen Terry. It was the most remarkable manifestation of its kind in the history of the British stage, not only drawing to the great historic auditorium an immense audience representative of all walks of life, but filling the stage with the most notable names in the dramatic and musical profession, including playwrights and composers, in an unprecedented programme, which continued from 12:30 to 7:30 o'clock. The most notable event on the programme was the first act of "Much Ado About Nothing," with Miss Terry as Beatrice and twenty-two other members of the Terry family in the cast, but perhaps the most moving and memorable event was reserved for the end in the reception scene on the stage. Here Miss Terry was surrounded by 500 of her friends, embracing the participants in the programme and other well known members of the profession. The enthusiasm of the audience was unbounded and each appearance of Miss Terry was greeted with cheering and handclapping lasting many minutes. A notable feature of the performance was W. S. Gilbert's "Trial by Jury," which the veteran author himself directed and in which the jury was composed of famous playwrights.

KING EDWARD PRESENT.

British Monarch Attends Dinner in Honor of Longworths.

London, June 13.—Seldom has the entertainment of the representative of any foreign government attracted the attention of the social, diplomatic and political world that did the dinner and reception given by Ambassador and Mrs. Reid at Dorchester House in the evening for Representative and Mrs. Nicholas Longworth, and at which King Edward, by his presence and attention to President Roosevelt's daughter, marked his esteem for the United States and the chief executive. In many respects the gathering was distinctive, for besides King Edward and Mr. and Mrs. Longworth, the company included cabinet ministers, political leaders of both parties, diplomats and persons of prominence in English society.

TOWN CANNOT RECOVER

Decision Affirmed in the Case of the Town of Pillager Against the Hewitt Bridge Co.

The supreme court of Minnesota has handed down a decision in the case of the town of Pillager vs. the Hewitt Bridge company, of Minneapolis. The case arose over the bridge what was erected by the Hewitt Bridge company for the village of Pillager and which was taken out by a flood within a few days of completion.

The village had paid the company \$500 in cash and had delivered to the company \$1,300 in bonds as partial payment of the total cost of \$4,500. When the bridge went out the village brought action to recover the bonds and cash on the grounds that the contract had been illegally given the bridge company because no bids were advertised for, also claiming that the bridge had never been accepted by the village council. The company proved by the testimony of the mayor of the town, who had since moved away, that he and one or more members of the council looked the bridge over and accepted it. On this showing the district court found for the bridge company and the town appealed. Attorney A. T. Larson representing them. The supreme court has now handed down a decision that the village cannot recover thus sustaining the decision of the lower court.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommended it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co. eoddw.

Dies From Her Injuries

Chicago, June 13.—Miss Alvina J. Pinger died in the Evanston hospital from the injuries she suffered Sunday night when crushed beneath an automobile. Walter Stafford, chauffeur for Louis Swift, hurt in the same accident, is dying.

ARE CAUGHT IN A WASHOUT

Mrs. E. B. McCullough Writes Entertainingly of Her Trip To the Coast

IS TIED UP FOR 42 HOURS

Party Sidetracked at Glasgow, Montana, Because Bridge is Destroyed

Glasgow, Mont., June 9, 1906. To My Brainerd Friends.—I thought my friends would be interested to know of my experience on my western trip. It is decidedly different from anything which ever came my way before, and thinking it quite impossible to write to each and everyone, I took this method of informing you.

Our party came up the Mississippi on the house boat "Idler" and reached St. Paul Tuesday evening. We left the next morning at 10:20 a. m. on the Oriental Limited over the Great Northern. All went well until we reached Williston, N. D., where we were sidetracked for twelve hours on account of a washout. That being repaired we moved on again until Thursday morning when we reached this little town of Glasgow, Mont., and were put on the side track again, where we still remain; 42 hours up to the present time. Here we ran into the worst flood and cloud burst that the natives have known for 20 years. The river here is a little creek ordinarily, but is now four miles wide. People have lost their homes and ranchmen their stock and the grain is all washed out. One ranchman lost 7,000 sheep, which means a whole fortune to him. The washout ahead of us means a long stretch of track ahead of us gone and a bridge gone. A wrecking train was immediately sent to the scene and went onto the weak bridge and immediately went down. All one can see of the engine is the smoke stack sticking out. However, another wrecking train was sent for on this division and has been at work ever since. No one was hurt on the train that went down except the fireman, who was badly injured, so we feel that we had a narrow escape from a good ducking in the river and then some.

We ran out of provisions somewhat, that is we had plenty for the diners, but after remaining here over thirty hours the company fed the passengers in the forward cars, so that they were all fed at the hotel at this place. We all have plenty to eat and good beds so we are all right. Our party has the entire rear car, all of the compartments in the car, and it is an observation car with a fine library, with plenty of good reading including all the late books and magazines.

Some of our party walked up to the outskirts of the town this afternoon to watch them shear sheep with machines. Last night the passengers from the parlor car and sleepers and our car all went up town to a dance where we saw many amusing things. The cowboys wore high boots and kept their hats on. They made us very welcome and said they were glad to see us there. We have done all the stores in town and been in the court house where they are trying a horse thief. I understand he will be sent up for a number of years. The case is continued for another day so we will not know what the outcome of it will be. We play bridge whist a great deal of the time so that with our reading and sight seeing the time does not seem long. The conductor just came along and told us that he thought we would move again about five o'clock and if we do we will be in Leavenworth, Wash., tomorrow night at midnight. The most beautiful scenery we will reach tomorrow.

We see many funny things here and many Japs, and Indians and cowboys. The

people here are rejoicing that the water is receding and that they may soon move back into their homes. Some of our passengers are having a heap of trouble because we are so delayed but it does not worry me any as I always see the funny side of everything and find many things to amuse me and make the best of the situation and feel thankful that we escaped being in a wreck when we had such a close call. I hope to be in Brainerd again the latter part of July. Yours with kindest remembrances.

MRS. E. B. McCULLOUGH.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Friuo Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." Flag Day

Thursday, June 14, is our National Flag Day. The Flag Day was created to be the emblem and illustration of a bond of unity. Honorable has been its mission. Freedom and liberty its message. Beneath its benignity every birth is noble. It welcomes the oppressed of all mankind and is an ever victorious defense of the weak. And let the rising sun of tomorrow morning, June 14, be greeted with a ringing of bells and from every housetop, steeple and mast be flung to the breeze Old Glory and every comrade see to it that it is over his residence and place of business. "Old Glory" is flung to the breeze as evidence that his love for it has not grown cold during all the forty years since he fought for it on many a bloody field.

ANSWERS EVERY CALL.

Brainerd People Have Found That This Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow, Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, Is Doan's Kidney Pills, a true specific. Many Brainerd people rely on it. Here is Brainerd proof.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbia block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co.'s drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

A NOVEL ENGINE

A Side Gear Locomotive Passed Through City Going to Montana for Mountain Work

A locomotive, the like of which was perhaps never in Brainerd before, was standing on a track this morning awaiting transportation west. It is of what is known as the side gear type. The cylinders are three in number and all vertical and located on the right side of the engine. They connect to a crank shaft running along the side both of the engine and tender and which is geared to the drivers with heavy bevel gears. Those who have seen them in use say that at low speed these engines are much more powerful than the ordinary type of engine. The one here today was made at Lima, Ohio and carries the initials W. I. & M. (Washington, Idaho and Montana) and has evidently been to the shops where built for an overhauling.

For The Public

From time to time I have had inquiries regarding sanitary condition of tanks of the water wagons owned by Mr. Graham. I will state that I have inspected these tanks repeatedly, and have always found same clean and in a sanitary condition. I will further state that Mr. Graham has recently installed a plant by which he sterilizes with live steam under pressure, each tank twice a week, thereby making it impossible for the tanks to retain any impurities whatever.

J. A. THARES,

Chairman Board Health.

THE DAILY DISPATCH brought to your door for only 40 cents per month

How Rapid Life is Killing Our People.

UNPRECEDENTED NUMBER OF DEATHS RESULT FROM HEART DISEASE.

The fact that 125 persons died recently in one week in New York City, from heart disease, when the death rate corresponding week in 1904 was only 56, has given rise to the belief among physicians that New York residents, and American people generally, for that matter, are living too rapidly. The strain of business and cares attendant on fierce competition and the worry attendant on anxiety to gain wealth are given as an explanation by physicians of the conditions which exist to-day.

Doctors have established the fact that the nerve forces which control the stomach and the heart, are affected by the hurry of men in the daily scramble to bolt their food, in order to quickly resume their exciting careers. Many young men now succumb to heart disease, where 50 years ago, a case was rare when a person under 30 years of age died from this malady.

Women are also victims. This is attested by the number in which they worry over social engagements, also to over-work. Worry and excitement, together with many nerve shocks which come to all in their daily life, of bustle and hustle, are the principal causes which snap the heartstrings.

We Americans, both men and women, are living too fast. We work too hard and worry too much. How can the strain be best contracted and the damage done be quickest repaired? Only by humoring and assisting the stomach to act in a more healthy manner. Thus will the blood be enriched, the nervous system strengthened and regulated. Dr. Pierce's Golden Medical Discovery contains just the right ingredients to do this, as will be seen from what eminent medical authorities say of the different ingredients comprising it. To make the weak ended stomach strong that it may properly digest the food and thus manufacture rich, red blood. Golden Seal, a prominent ingredient of the "Golden Medical Discovery" is pre-eminently the article needed. The late Prof. John M. Souder, M. D., of Cincinnati, author of "Specific Medication," says of it:

"It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched. * * * The consequent improvement on the nervous and glandular systems are natural results. He further writes: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

THE UNITED STATES DISPENSARY says of Golden Seal root: "As a local remedy, Hydrastis (Golden Seal) has a remarkable effect upon the mucous membranes. Used in gastro-intestinal (stomach-bowel) catarrhs. * * *"

"In its influence upon the nervous system this agent (Golden Seal), has stimulating properties, affecting respiration and circulation, invigorating tone and increased power to the heart's action."

Then besides Golden Seal, which, according to the best medical authorities, stands at the head of all stomach and heart tonics and invigorators, there is Stone root (Collinsonia Canadensis), which enters largely into the composition of "Golden Medical Discovery," and it is an acknowledged stomach and heart tonic—especially superior to all other remedies in valvular and other affections of the heart. The late Prof. Wm. Paine, M. D., of Phila., says in his work on Concentrated Medicines:

"I not long since, had a patient who was so much oppressed with a valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia (the active medicinal principle of Stone root), and is now at-

tending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances effects a cure."

"Golden Medical Discovery" so strongly and faithfully represents the active medicinal principles residing in both Golden Seal and Stone root that it can be depended upon to produce their combined and best curative effects. It must not, however, be expected to perform miracles. Those who have abused themselves by over-work, and thus invited stomach and heart weakness must not expect a cure from the "Golden Medical Discovery" unless they reform their habits. They must let up on their strenuous labors and not over-tax their brains, nerves or muscles, take rational exercise in the open-air, and simply live and not too much. It is never gormandizing or overloading the stomach. Get to sleep early and take plenty of rest in bed. With these improved habits of life the broken-down one may confidently expect relief and cure from the use of that great stomach, nerve and heart tonic and invigorator, "Golden Medical Discovery."

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful drugs, and the only one, every ingredient of which has a professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Doctor Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

DEERWOOD ITEMS.

The public school picnic on Friday, June 15, is to be held on Minister's point. All are welcome.

The M. E. Ladies' Aid decided that a coat of paint would improve the looks of the church, and A. McKay is skillfully applying the brush in putting on a nice coat of white.

Children's exercises were held last

Sunday evening in the M. E. church. The beautiful program was well rendered and reflects much credit on the teacher, Mrs. P. K. Wetzel and scholars. The church was full and some persons were standing outside. The room was nicely decorated with ferns and flowers.

BACK TO CONFERENCE

HOUSE PASSES A RULE PROVIDING FOR SUCH ACTION ON THE RATE BILL.

IN REGARD TO AMENDMENTS

NOT EVEN AN EXPRESSION OF ITS WISHES IS GIVEN BY THE HOUSE.

Washington, June 13.—With a very large proportion of the members present, due to the activity of the Republican and Democratic whips, the house passed a rule sending the railroad rate bill back to conference as asked for by the senate without even an expression of its wishes as to any of the amendments to the bill.

The rule was debated for forty minutes. The leaders participated in the discussion, the Democrats taking the position that the time was opportune to concur in the sleeping car amendment and instruct the conferees as to the anti-pass amendment. Although the Democrats were aided by eight Republicans, they could not command votes enough to defeat the rule, which was adopted, 184 to 99.

While the sundry civil bill was under consideration the house in committee of the whole adopted an amendment offered by Mr. Brower-sock (Kan.) prohibiting canteens in soldiers' homes.

Unexpectedly, the Neill-Reynolds report on the condition of Chicago packinghouses came in for severe criticism, Mr. Mondell (Wyo.), Mr. Slayden (Tex.) and Mr. Fulkerson (Mo.) discussing the advisability of the report in scathing terms. Mr. Ames (Mass.) defended both the president and the report and insisted that the packers should pay the cost of inspection.

The speaker appointed Representative Dalzell as regent of the Smithsonian Institution.

REPORT IS WITHDRAWN.

That on Statehood Bill Taken From Committee.

Washington, June 13.—The conference report on the statehood bill was withdrawn from committee and again presented to the senate, the new report containing the compromise provision agreed upon by the conferees of the

two houses. There was some discussion of the power of the conferees to withdraw the report, and the withdrawal was only permitted by a vote. The new report was not considered. Much of the remainder of the day was devoted to the bill extending to thirty-six hours the time that livestock may be carried in transit without unloading. Senator Warren was in charge of the measure, and he and a number of senators debated it at length. During the discussion there was some reference to the proposed legislation for the regulation of packinghouses and Senator Lodge said the packers are standing in their own light in not inviting the most rigid inspection. The bill was passed.

The bill incorporating the Lake Erie and Ohio River ship canal was also discussed at some length. A number of minor bills were passed.

MEAT INSPECTION LAW.

Asserted That It Will Suit the Most Radical.

Washington, June 13.—The house committee on agriculture continued its consideration of the Beveridge meat inspection amendment until after 6 o'clock p. m., but did not complete its tentative consideration of all features of the amendment. The question of fees has not been reached. The only statement made by the committee was that the country could be assured that the result of the deliberations would be a meat inspection law which would suit the most radical demands in that respect. Final conclusions on the matter so far as the committee is concerned will be reached in a day or two and the amendment will be reported to the house as a part of the agricultural bill this week. At this time the course to be taken will be a motion to disagree to all amendments of the senate on this bill and ask a conference.

The Beveridge amendment has been modified by the committee tentatively in a number of respects. One of these is to restrict its operation to "continental United States." As originally drawn the amendment was applicable to all of the possessions of the United States.

The date on the labels of canned meat products is not to be required. Neither is an inspection of the product of the small butchers who may incidentally, by reason of his location near a state line, do an interstate commerce business in serving customers on both sides of the line.

Gets Long Term in Prison.

Edwardsville, Ill., June 13.—After deliberating twenty-two hours the jury in the case of Joseph Nolan, saloonkeeper, on trial for the killing of Fred Haynes and William Sonnett, two fishermen, on the night of March 12, last, returned a verdict of guilty. Nolan was sentenced to thirty-seven years' imprisonment.

ON THE HARSIMUS PIER.

Railroad Paid Coal Company for Handling Its Cars.

Philadelphia, June 13.—The Berwyn-White Coal Mining company was the issue before the interstate commerce commission when it resumed its investigation here into the relations of railways to coal and oil interests. Probably the most important fact brought out was that the coal company is allowed 7 cents a ton by the railway company for handling its cars on the Harsimus pier. This allowance gives the coal company about \$17,000 a month for this service. The work is performed, however, by Pennsylvania railway crews with railway locomotives, for which the coal company makes monthly settlements with the railway, the amount of the monthly bill being something over \$700. Charles Heebner, counsel for the Berwyn-White company, aroused the ire of the commissioners when he told them coal loaded into the bunkers of steamships was paid for by estimated weight and that there was no way of determining the quantity of coal that remained in a barge when the steamship did not take the entire load.

It developed through the testimony of Frederick MacEown, treasurer of the company, that during a period when cars were scarce T. J. Berwyn made arrangements with the Pennsylvania railway by which his company secured 1,000 individual cars, several hundred of which had been in the service of the railway.

DOWIE ON THE STAND.

Founder of Zion City Recites History of His Life.

Chicago, June 13.—John Alexander Dowie, founder of Zion City and first apostle of the Christian Catholic church, was the star witness in the trial of the issue of who is the owner of Zion City before Judge Landis in the United States circuit court. As "Dr." Dowie was wheeled in a chair to the witness stand the ravages of the disease from which he is suffering were plainly evident in his wasted body.

Dowie's testimony was in the main a recital of the history of his life up to the time he was deposed by General Overseer Wilbur Glenn Voliva. While relating the hardships and trials met with in his efforts to gain a foothold in the religious world and the obstacles placed in his way when the Zion City movement was in its infancy, Dowie looked squarely at Voliva, the man in whom he had placed confidence and who is now at the head of Zion, but the latter did not return the gaze.

At the conclusion of his testimony Dowie was wheeled to his carriage and returned to his hotel.

ELEVEN MEN BLOWN UP.

Four Killed and Two Others Seriously Injured.

Roanoke, Va., June 13.—While workmen were trying to remove the tamping from a hole in a rock where dynamite had been placed for a blast, an explosion occurred at the Bear Wallace construction camp on the Tidewater, fifteen miles west of Roanoke, blowing up eleven Roumanians. Two men were killed outright and two more died after reaching the hospital at Radford. Two others are in a precarious condition.

Another accident occurred at the same camp later in the day in which one man was seriously injured.
